Considering the counter-attractions on sturday the attendance at the May meet-ing of the Williamstown Racing Club was reprisingly good. Owing to damage by good in March, 1919, it was the first meet-ting of the counter-of-state of the counter-of-state of the state of the counter-of-state of t surprisingly good. Owing to usuage of good in March, 1919, at was the first meeting held on the Williamstown course since January 27, 1919. Although the lawns and flower-beds showed rigns of the flood, the course was in first rate order, and the track afforded good going. Improvements are under way. The foundations of an additional grand-stand have been laid. The running track in the straight has been slightly narrowed, and a new mile and a Williamstown Cup paid other mile and a half races on this course, the horses will have a straight run of nearly half a mile before the first turn is encountered. Backens on Starday celebrated the return to Williamstown by beating the hookmakers badly. Five first favourities won, and the other winner was solidly backed. Four law of the course of a winner described the first turn is encountered. Backens on Starday celebrated the return to Williamstown by beating the bookmakers badly. Five first favourities won, and the other winner was solidly backed. Four her solid and the same of the Elder Stakes, was also to be sore, but gashpuled him through. It was said after the race that King of the For the 2500 Hay View Handicap a disappointing field of six was saddled up. Early appointing field of six was saddled up.

MELBOURNE'S LEADING CLOTHIERS

High-grade Overcoats

The very character of Thistiledown fleece, its relation, its lightness, its strength, makes it invincibly superior to any other coat fabrics. To wear Thistiedown Fleece is to ensure your currient during this winter season, to protect your health to defend yourself against chill—and defy the inclemencies of the vector.

Thistledown Fleece Coats are made for Buckley's from the admirable fabric by a West end of London tailor, who is not only looked upon as the leading English craftenan in the mating of clothes, but who stands practically unchallenged as the leader of men's fashions throughout the world.

Other Desirable Overcoats

AUTO GREAT COAT, in Oxford Grey Frieze, thoroughly appropried, and lined with soft glove leather, which is made Priced at 12 Gns.

The Standard Overcoat

Men who know the value of Buckley's Standard Suit will appreciate the introduction of a Standard Overcoat made to order and lined with satin, in All-wool back Grey Cheviot.

BEFORE retiring, wash your face and neck with plenty of Craven Barleigh's Skin and Scalp Soap and hot water. If your skin has been hadly neglected, if it is rough or marse, or if you are troubled with has kheads, ruth a generous lather thoroughly into the pures, using an upward and outward motion, after which use more Soap and a soft cloth or sponge, so that the medicinal lather of the Soap thoroughly penetrates the peres, and your skin feels somewhat sensitive. After this, rinse well in warm, then in cold water, for about half a minute, the latter operation being to close the pores of the skin. Then dry carefully with a soft towel, and apply Crucen-Burleigh's Face Cream. This Cream is a vanishing, nongreasy Cream, prepared from secollent ingredients, and not only soothes the skin, but aces as a kind of food, nourishing it in a manner unrivalled by any other cream or skin-food.

Singola Hall (Attached to and part of Suttons Beautifully Re-designed Premises) Melbourne's Latest Fashionable Rendezvous

Approached by a stairway of noble proportions, or, alternatively, per fast-running, commodious lifts, Singola Hall reveals itself as a place of surpassing beauty. Its architecture is carried out in a carfully studied style of quiet dignity, the walls and ceilings being pure white matt surface, relieved by panels of figured polished Queensland Maple. Melbourne's leading art furnishers have provided a tasty colour scheme of the furnishings. A terra cotta coloured floor, waxed to a sheeny surface, is here and there revealed between the many spacious rugs of rich colourings with which the hall is carpeted. Innumerable palms, high and low, surround the walls, and in places disclose, through their dull green foliage, highly polished plate-glass panels, rooms beyond. Beauty of effect in colour is by no means the only idea of charm and restfulness a view of Singola Hall Commodious armehairs everywhere call to one for rest and comfort. Carefully designed ventilation provides ideal conditemperature. The whole surroundings of Singola Hall are—in simple words—charming and comfortable. Imagine a intertainment amongst these surroundings.

SINGOLA HALL has been built to provide DAILY, 10 a.m. to 5 p.m.,

Under the influence of this Super-remedy the improvement is immediate. A few doses are often quite sufficient, then cork the bottle up; the rest will keep or do for a friend. Don't experiment with ordinary cough mixtures. Don't be persuaded into taking "something just as good." Insist on having HEARNE'S Bronchitis Cure. If it's a bad cold you'll have to get it any way, so why not save time and money by having it right at the "get-away."

# INTERNAL ANTISEPTIC

Although 2,000,000 people are regular users in Australasia of Nicholas "Aspro" Tablets, it is not generally known that they are a most wonderful internal antiseptic. They have a sweetening, cleansing effect on the internal organs, and thus are probably the most wonderful preventative of epidemic disease yet revealed by Science. The proclamation of the "Federal Commonwealth Government," declaring them a necessary commodity during the 'Flue is now history.

> It's a New Invention Saves Australia £2,000,000 on its **Boot Bill**

"BHU-LIFE" is a wonderful new invention, which takes the form of a penetrating liquid. It vulcanises the soles of your boots. When painted on the soles it permeates the leather and fills the pores, and within a few minutes after being apapplied turns into a solid substance inside the leather. It never fails to make one pair of boots last as long as two, and in quite a number of cases as long as three pairs. "SHU-LIFE" is sold in tins containing enough for at least five pairs of large boots.

THE COAL RESTRICTION.

TO THE EDITION OF THE ARGUS.

Sir.—I would like to know how it is that, while we poor householders have almost to go on our knees to obtain a little coal, the Government offices are all so well supplied. A man was beard to say yesterday in one of the pension offices, when someone complained of the cooldness of the room, that there was no reason why there should not be a fire, as they had tons of coal, and last winter, when we could not get sixpennyworth, they had blaring coal free going in the post-office here. It seems w strange thing that if the Government can be so well provided why not the people.—Yours, &c., INQUIREN.
